

COUNTERSINK & STOP

Carbide Tipped Countersinks with Depth-Stop

The Ultimate solution for Pre-drilling pilot holes and countersinking for Deck screws and other joinery applications.

WPW

COUNTERSINK & STOP

Carbide Tipped Countersinks with Depth-Stop

A new addition to the well known range of professional WPW countersinks. Unique adjustable depth-stop developed for quick and easy adjustment of the countersink depth.

The user friendly design enables control of the drill length and its replacement, without the need to disassemble the Depth-Stop.

ATS Countersink with Standard Depth-Stop

Slow spiral drill included

Large opening - for better chip clearance. Efficient solution for most demanding jobs.

Assembly No.	D1		D2		Shank Dia.		Replacement components
